THE PROGRAM

Partnership-to-Ownership for Canadian Businesses

Every year, thousands of Canadian business owners write rent cheques to landlords, building someone else's wealth instead of their own. JD Capital changes that.

We partner with established business owners to acquire the commercial property they occupy. We bring the down payment, the financing expertise, and the real estate knowledge. You bring your business. Together, we build a joint entity that owns the property, with a clear pre-agreed path for you to buy us out and own it outright.

No down payment. No closing costs. A clear exit. And on day one, you're building equity instead of paying rent.

WHAT YOU GAIN

Six reasons to own instead of rent.

<p>Equity</p> <p>Every payment builds ownership. After 25 years of leasing you have nothing. After 25 years of owning, you have an asset.</p>	<p>No Down Payment</p> <p>JD Capital contributes the equity required at close. You contribute your business tenancy and commitment.</p>
<p>Lower Monthly Cost</p> <p>Your monthly occupancy cost is typically lower than market rent from day one, often while building equity at the same time.</p>	<p>Control</p> <p>No landlord approvals for renovations, signage, or improvements. Make decisions that serve your business, not your lease.</p>

Tax Advantages

As an owner you may deduct mortgage interest, depreciation, and operating expenses. Consult your accountant for details.

Wealth Transfer

Commercial real estate is one of the most reliable vehicles for intergenerational wealth. Pass the asset, not the lease.

THE MATH

Lease vs. Own: 25 Years

Based on a \$950,000 commercial property in Alberta at 6% interest over 25 years.

<p>LEASING / 25-YEAR OUTCOME</p> <p style="font-size: 2em; color: #c00000;">-\$2,087,500</p> <p>Every dollar gone. No asset. No equity.</p>	<p>OWNING / 25-YEAR OUTCOME</p> <p style="font-size: 2em; color: #28a745;">+\$2,631,000</p> <p>Mortgage paid off. Building free & clear.</p>

HOW IT WORKS

The Process

Seven straightforward steps from first conversation to property ownership.

01 Initial Engagement

You connect with JD Capital and we learn about your business, your current space, and your ownership goals. No commitment required at this stage.

02 Business Financial Review

You provide your last 2 years of financials. This allows us to assess loan qualification and structure the partnership appropriately.

03 Property Selection

We work together to identify the right building, whether your current space or a new property better suited to your growth plans.

04 Underwriting & Due Diligence

JD Capital conducts full property underwriting including inspection, appraisal, and environmental assessment. All costs are covered by us.

05 Legal Structure

Our legal counsel drafts the partnership agreement, co-ownership structure, and your pre-agreed buyout schedule and pricing.

06 Acquisition & Close

JD Capital funds the down payment. The property closes in the joint entity. You immediately become a co-owner and begin building equity.

07 Buyout & Full Ownership

Over 2 to 5 years, you exercise your pre-agreed right to purchase JD Capital's interest. Title transfers fully to you and your business.
